ABOUT SHYAM STEEL

The SHYAM STEEL GROUP established in 1953 is one of the leading TMT Bar Manufacturer and Suppliers in India, manufacturing TMT Rebar, Billets and Sponge Iron. Guided by a philosophy to produce safe and sustainable steel, it is a pioneer in quality production of steel.

Shyam Steel operates through its Steel Manufacturing Plants located in West Bengal. The products of the company are manufactured at its integrated steel plant in Durgapur and marketed under the brand Shyam Steel's flagship product – Shyam TMT Rebars that are earthquake proof and corrosion resistant. Today Shyam Steel stands as a giant conglomerate of over 5,000 crore that has diversified its business operations in the country and continues in its relentless journey of nation-building by offering quality steel products that are a class apart.

SHYAM FUTURE TECH LLP popularly known as SFT is the global Information Technology (IT) venture from the house of SHYAM STEEL. SFT is an ISO 27001:2013 & 9001:2015 certified company that takes pride in bringing world-class technology solutions to businesses of diverse domains and sizes.
